 CALIBRATION INCLUDED

Every kit includes a 1 year calibration. SmartWeigh offers calibration services after that, so you can keep your pads in date. Call 01603 485153 to book or to ask which kit suits your vehicle.

¹ IP65 means protected against dust and low-pressure water jets. The pads are not for immersion.

² Weigh each wheel on a firm, level surface with the whole tyre contact patch on the pad. Each wheel load must stay within the rated capacity per pad. Specifications can change as the manufacturer updates the product. Check the part number and revision before ordering.
